

**COMMUNITY
WRAPAROUND**

WELCOME TO COMMUNITY WRAPAROUND NIGHT!

Our transformative weekly occurrence utilizes Lived Experience as a driving force to facilitate genuine, real-world, and culturally relevant group discussions, panels, and presentations. By doing so, we hope to deepen relationships, improve health and well-being, advance safety initiatives, and bridge communities together. LET'S GO, LET'S GO!

Who We Are

Community Wraparound is a gang prevention, juvenile intervention, and positive youth development initiative that leverages strategic community alliances to support gang-affiliated, justice-impacted, and at-risk youth.

We promote success through involvement with families, schools, employers, and communities, and provide systems-oriented navigation, expertise, and lived experience to offer an alternative to gang life, substance use, and incarceration.

Our Mission

Our Mission is to provide supportive mentoring services through a trauma-informed and lived experience lens for the purpose of building resilience in our youth, families, and communities.

Our Wraparound Night

Resilience Building

Focusing on skills needed to build inner strength, confidence, and tenacity to avoid negative influences and unhealthy relationships.

Empowering Voice and Choice

Prioritizing the needs of each youth and family, and elevating the power they have to make positive changes for themselves and their families.

Community Violence Response

Wrapping around youth and families with emotional support, safety principles, and resources after an act of community violence (shootings, stabbings, suicides, arrests, gang violence, etc.).
